This summer, let's **take care** to **read books** with our families.

These developmentally appropriate book selections are highly recommended by librarians, educators, and professional reviewers because they offer engaging rhymes, appealing illustrations, and entertaining stories that are ideal for pre-literacy activities with very young children.

When Simsbury readers of all ages take care to read books and participate in our 2020 Summer Reading program, we are making community connections by sharing stories, information, and finding joy when we read during tough times and hopeful ones.
